# The treatment of Eczema

**Outstanding results in many countries**

Thanks to the outstanding results obtained with "F99" these preparations have gained, in only a few years, a solid reputation throughout the world. The "F99" preparations are now available in drug stores in more than 65 countries from Iceland to the Argentine and from Canada to India. In all these countries "F99" is being used with remarkable results even in cases where all ordinary treatments have failed.

**Two-way treatment**

In cases of Eczema, Furunculosis, Leg Ulcers and Infantile Eczema ask for the "F99" two-way treatment in drug stores:

**Internal treatment:** Take one "F99" Capsule daily to help suppress the underlying cause of the complaint by means of the blood stream.

For children use the "F99" Liquid instead of the Capsules.

**External treatment:** Apply daily the "F99" Ointment which penetrates the affected skin from the outside.

Throughout the world, many thousands of people who had long suffered from Eczema and other skin troubles have found relief thanks to the remarkable development by Swiss chemists.

Since these chemists were able to process a natural remedy extracted from pure vegetable oils, it has been possible to treat with success many of the most obstinate cases of Eczema, Leg Ulcers, Furunculosis (boils) as well as Infantile Eczema.

"F99" is so easily assimilated by the body that it can even be given to infants.

# Copy of Thief's Pass Key Open Door to $400,000?

MIAMI BEACH, Fla. (AP) —A thief stole a reported $400,000 in diamonds, emeralds and other jewelry from the hotel suite of a vacationing New York car rental magnate.

The theft Sunday was the biggest in the history of Miami Beach luxury hotels.

The jewelry was owned by Leon C. Greenebaum, chairman of the board of Hertz Car Rental Corporation, his wife, and her sister, Mrs. Arthur Cole, also of New York.

The robbery took place in the Americana Hotel. During its opening ceremonies in November, 1956, Harry Sitamore, the "king" of the jewel thieves, was arrested in possession of a pass key which would open any door in the hotel.

Sitamore's key was confiscated, but FBI agents said they were considering the possibility that Sunday's thief had a copy.

Two Victoria men pleaded guilty in city court yesterday to a joint charge of theft under the value of $50. Both were remanded to today for sentence.

Court was told Ronald Johanson and Ernie Sanders had gone into the Grand Spot News, 606 Yates, about 3.30 p.m. Saturday. They used the telephone, then spent some time around the counters.

When they left they took with them three wallets and eight pairs of women's stockings, valued at about $16. Later the two were taken into custody in Oak Bay.

Both men said at the time they were under the influence of alcohol "which I realize is no excuse" and had no intention of stealing.
